

Access management improvement
along US-431 From AL-204
to the Etowah County line
Calhoun County

**Get
Involved!**

The Alabama Department of Transportation is proposing to improve access points along the US-431 corridor starting at AL-204 to Etowah county line. This will include adding turn lanes along US-431, as well as modifying and/or removing driveways and median crossovers. This project is scheduled to begin in Spring 2022. A resurfacing project for this same section of highway is planned for Summer 2022.
