

## Online and In-Person Public Involvement

### Project STPOA-6231

#### Resurfacing, Sidewalk Installation, Lighting, and Intersection Improvements (Roundabout) on Main Avenue from 5th Street to McFarland Boulevard (SR-6/US-82)

The City of Northport, along with the Alabama Department of Transportation (ALDOT), is proposing a project to enhance the streetscape on Main Avenue from 5th Street to SR-6 (US-82) and to construct a roundabout at 10th Street. Information about the project is available to the public for review and comment. Your comments may be provided by mail, email, or submitted at the in-person meeting. Comments for the proposed project must be submitted by November 10, 2022.

### Project Description

The proposed project involves resurfacing, curb and gutter, traffic control markings, 6-ft sidewalk, ADA curb ramps, brick pavers, lighting, drainage improvements, and additional streetscape improvements on Main Avenue from 5th Street to SR-6 (US-82). A roundabout will be installed at 10th Street to alleviate congestion at this location. A small park area will be added within the right-of-way between 10th Street and Park Street to provide a social gathering space with outdoor seating. The project aims to improve the city's infrastructure, while providing pedestrian connectivity to the downtown district.

### In-Person Public Meeting

An informal meeting will be held:

**Tuesday, October 25, 2022**  
**5:00 P.M. until 7:00 P.M.**

**Northport City Hall**  
3500 McFarland Blvd.  
Northport, AL 35476

\*Anyone with a disability requiring special assistance should contact Gwynne Hargle at (205) 771-6200 at least two days in advance of the meeting. The meeting facilities are wheelchair accessible.
